

Nie wyklucza się istnienia w terenie innych nie wykazanych na niniejszej mapie urządzeń podziemnych, które nie były zgłoszone do Inwentaryzacji lub o których brak jest informacji w Instytucjach branżowych.

The drawing shows a road alignment starting from a building labeled 'D-40' and 'D-41' on the left. The road runs diagonally towards the bottom right. Key features include:

- Elevation Points:** Numerous green numbers indicating elevations along the road and at specific locations (e.g., 277, 278, 279, 280, 289, 210, 211, 212, 213, 214, 215, 216, 218, 219, 220, 221).
- Stationing:** Numbers along the road axis such as 227.19, 225.73, 227.11, 225.57, 227.58, 227.52, 227.68, 226.21, 228.25, 228.20, 228.24, 228.64, 228.46, 226.98.
- Infrastructure:** A blue area labeled 'D-40' and 'D-41' with a red diagonal line. A small building labeled 'm' with number '4'. A point labeled 'g' with a circle around it. A point labeled 'k'.
- Other Labels:** 'Szkola' (School) near a cluster of stars. 'w.32' and 'w.40' indicating water features or crossings. '290', '291', '292', '293/1'.
- Orientation:** Four crosshair symbols (+) are placed around the drawing to indicate orientation.
